Program Impact

PURPOSE: The Program Impact On-Site Visit Evidence Organizer is a tool for programs to use to give brief, descriptive overviews of how the program ensures that it produces educators who are effective in PK-12 classrooms. The organizer also details on-site visit evidence that programs should provide to the review team for review during the on-site visit. This evidence should provide reviewers with a picture of employment and retention outcomes for completers, completers' and employers' satisfaction with candidate preparation, and evaluation outcomes for completers working in Rhode Island schools.

This Organizer focuses on components 4.1 and 4.2 of the RI Standards for Educator Preparation.

DIRECTIONS: Briefly address the following prompts in the space provided, referencing specific examples in the accompanying evidence sources where appropriate. Bullets or brief text is acceptable. Please limit your responses to 250 words per prompt.

1. Describe the processes, systems, and strategies that you use to **systematically collect feedback from employers** of recent program completers and how you **use this data** to determine areas for program improvement? (4.1)
2. Describe the processes, systems, and strategies that you use to **systematically collect feedback from recent program completers** and how you **use this data** to determine areas for program improvement? (4.2)
3. Describe your **strengths and areas in need of improvement** specific to program impact on improving Pk-12 student learning and development?

REQUIRED EVIDENCE: The chart below lists required on-visit evidence that providers should submit. The chart also details if the required evidence should be submitted via an electronic template provided by RIDE, as an electronic document, or as a hard copy. All evidence must be uploaded to the on-line data collection system (electronic evidence) or provided to RIDE (hard copy) at least three weeks prior to the on-site visit. For electronic evidence, follow the naming conventions below and upload all evidence as PDF documents. The chart specifies minimally required evidence, providers may submit additional evidence to demonstrate how they meet PREP-RI expectations.

Note: If multiple electronic documents are submitted for the same component, then add to the naming convention an additional A, B, C, after the component number for each additional document. For example, S1A_CandidateName, S1B_CandidateName, S1C_CandidateName, etc.
